**NEWS RELEASE
NOT FOR DISSEMINATION IN THE UNITED STATES**

**ALASKA HYDRO ANNOUNCES COMPLETION OF SECOND TRANCHE OF
CONVERTIBLE DEBENTURE PRIVATE PLACEMENT**

February 11, 2011 – Vancouver, British Columbia – Alaska Hydro Corporation (the “Company”) announces the completion of a second tranche totalling \$90,000 of its previously announced \$500,000 non-brokered private placement of convertible debentures (the “Convertible Debentures”).

These Convertible Debentures will mature on February 9, 2014 and bear interest at 12% per annum, payable semi-annually. The principal amount of the Convertible Debentures is convertible into common shares of the Company, at any time from the date of issuance until the maturity date, at a price equal to \$0.16 per common share. The Company may elect to pay accrued interest by the issuance of common shares, at a price per share equal to the market price of the common shares at the date of issuance. In addition, the Company may elect to redeem the Convertible Debentures at any time prior to the Maturity Date.

The Company paid finder’s fees in connection with this second tranche private placement of \$1,000 in accordance with the policies of the TSX Venture Exchange.

The Convertible Debentures are subject to a statutory hold period expiring June 10, 2011. The statutory hold period for the Convertible Debentures issued under the previously announced first tranche expires on May 21, 2011. The finders warrants issued in connection with the first tranche are subject to a statutory hold period expiring on May 21, 2011.

About Alaska Hydro Corporation

The Company is engaged in the acquisition and development of renewable energy projects, focused primarily on hydropower projects in northern climates. The Company owns Cascade Creek, LLC which is developing the Cascade Creek project located in Thomas Bay near Petersburg, Alaska. The Cascade Creek project is a 70 MW lake syphon hydropower project, the largest private hydropower project being developed in Alaska. The Cascade Creek project would bring additional energy and capacity to the Southeast Alaskan region, with opportunity to export and import excess energy and capacity to and from the Pacific Northwest and Southwest States through a proposed transmission interconnection in British Columbia. Further information regarding the business of the Company and Cascade can be found in the Company’s filing statement which is available at <http://www.sedar.com>. Interested persons may visit the project’s

licensing website at <http://www.thomasbayhydro.com> to view project details and licensing documents.

Certain statements contained in this release constitute forward-looking information. These statements relate to future events or future performance. The use of any of the words “could”, “intend”, “expect”, “believe”, “will”, “projected”, “estimated” and similar expressions and statements relating to matters that are not historical facts are intended to identify forward-looking information and are based on the Company’s current belief or assumptions as to the outcome and timing of such future events. Actual future results may differ materially. In particular, this release contains forward-looking information relating to the business of the Company and the Cascade Creek Project. The forward-looking information contained in this release is made as of the date hereof and the Company is not obligated to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, except as required by applicable securities laws. Because of the risks, uncertainties and assumptions contained herein, investors should not place undue reliance on forward-looking information. The foregoing statements expressly qualify any forward-looking information contained herein.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
